**Taking your  
business to  
the next level**

*Flexible opportunities to  
rent office and studio space  
@ The Sussex Media Centre*

Welcome to the Sussex Media Centre. Based in Victoria Business Park, Burgess Hill. Located just 10 miles from the bustling city of Brighton and 22 miles from Gatwick Airport

Free Parking is available nearby, or if you prefer, Burgess Hill railway station is just a 20 minute stroll away.

The Sussex Media Centre is host to the creative, editorial and design centre for several radio broadcasting services, printed and online productions, including *Sussex Living Magazine* and *More Radio*.

Currently we have the capacity to share a number of the Sussex Media Centre's excellent resources with other businesses on a full or part time basis.

Whether you require a single desk for few hours a month or a cluster of 4 desks 5 days per week, we can support your needs.

If you are currently operating your business from home, sharing space at the Sussex Media Centre could be precisely what your business needs to take the next step – at an affordable rate.

Conversely, if you have oversized premises, by tapping into the considerable resources available you could reduce your overheads such as rent, energy bills, phone and internet lines, printing costs and more.

We also have an air-conditioned meeting/conference room available to hire by the hour or part day. The room seats a dozen people and features AV facilities, large screen and telephone conferencing facilities. This room is perfect for management meetings and product launches etc.

The Sussex Media Centre is a creative place to work. It has been designed for comfort, efficiency and productivity.

If audio production is your thing, we are the "go-to" place on the south coast. The Sussex Media Centre is equipped for any and all digital audio recording requirements. If you are making podcasts, independent radio programmes or other audio based material we have what you need!

The Sussex Media Centre has 3 fully digital studios, the largest of which has the facilities to comfortably house 3 guests in the studio, plus we can connect remote guests in high quality audio. The main studio also has video camera facilities.
